Issue number: Issue 1

Date Printed: 16/12/13

## **Welcome to Scouts Australia - Queensland Branch**

At your initial interview with your Team Leader, you should have discussed, in detail, topics such as the Movement as a whole, the Regions, Districts, Groups, Sections, other activities available through Scouting and the possible role you may undertake. Through your attendance at formal training courses and e-Learning you will gain an understanding of the Aim and Principles of the Association and the commitment the Movement requires of you. You should have started thinking about and possibly discussed with others, your attitude to the Promise and Law and the religious policy of the Association.

**Accredited Training** - Scouts Australia is a Registered Training Organisation and as a consequence of completing your Scout Training offers you the opportunity to be issued with a Certificate III in Business after completing basic training and a Certificate IV in Frontline Management after completing advanced training. Leaders joining the movement who do not wish to be issued with a Certificate III in Business will still need to complete the same Scout training but will not need to submit their work book for VET assessment. If at some time in the future you change your mind then this workbook will need to be sent to Branch Headquarters for assessment.

**Leadership Training 2** - will enable you to gain knowledge and skills to assist you to make working in your Scouting role relevant and meaningful. A Personal Leader Adviser (PLA) will be appointed as your guide, mentor and friend during your training. Many of the skills will be learned with, or demonstrated by your PLA, they will also support you to attend the relevant meetings and apply for training courses. The activities in the Leadership Training 2 can be undertaken in any order but it is essential that all activities in this workbook are completed prior to you commencing your Advanced Training.

**E-Learning** - Scouts Australia is now able to offer online Training which supports our practical hands on training. You will be required to complete some of your training via e-Learning this will provide you with a level of flexibility of when you undertake the required modules but it is important to remember that these will need to be completed by the closing date of the course as specified in the training calendar. Once again your PLA will assist you and answer any questions that may arise as you complete your e-Learning modules
